

# Report of Ferrari Display and Concours.

Sunday 1st April 2007.

What a turn out! Peter Strauss told me on the day that this was the largest display that the Victorian club has ever put on. Well done to all members.

I am sure the committee were surprised with the turnout, with the exception of our President Winston Kim. Winston sagely advised all at the earlier committee meeting not to worry as the weather was going to be good and the Ferrari's will be out in force. How true!!!!

As Renate was unsure of her commitments and ability to report for us on Sunday, her usual exhilarating story telling has to wait until next time. However, she had asked if I would put something together, so please forgive my story telling!!!!

All in all there were around 118 Ferraris on show with about 25 taking part in the Concours, not to mention a few Lamborghinis, Maseratis and a couple of Porsches. The Ferraris on show ranged from the New Elegant 599 (two arrived) right through the range. What a showcase, not to mention some very special ones at that. I am sure all "ooohed" and "aaahed" over the fantastic 8C Alfa Romeo worth between \$3m - \$4m not to forget the fabulous 2L Ex Factory Race Maserati worth \$2m+.

Peter Strauss had two superb cars on display; his 330 GTC and the Dino 246. Gil Mathews' F40 - what a car! Many thanks to David Jones for assisting with the judging, not to mention his Concours winning 330GTC, a magnificent vehicle. Thank you to Geoff Dutton for allowing all to admire a part of Ferrari history; his Ferrari 212, which was the oldest Ferrari on display and was simply a superb machine.

Thank you to John Millard, one of our Western Australian members, who kindly assisted with the judging and also brought his newly purchased 355 Challenge along (must admit looking very good). Also David Edwards from South Australia attended with his 550 - it was great to see interstate members join in the activities.

This was a spectacular event and a terrific success supporting the very important "VERY SPECIAL KIDS ORGANISATION". Many thanks to Peter Strauss and the organizing committee as well as special thanks to Jane Strauss for her assistance with this exceptional event.

A special note to the few members that overlooked paying the small fee of \$10.00 for displaying their lovely machines; would they kindly forward the payment to the treasurer ASAP. We need as much as we can get to support this worthy cause. Thank You.

As a relatively new member of the club it was great to just see the passion within all, and to catch up with friends that we have made since joining the club.
